

Image removal requests – photographyfestival.org.nz

Thanks for the email to remove one of your archive photos submitted and hosted on our website.

Due to the costs incurred hosting and displaying so many images in archive, we have a removal fee for the image/s which covers time to review the image, the terms agreed to, technical support and subsequent removal from the website. FEE is \$30 per image, payable in advance via our PayPal account.

The Trust generally does not remove archived material that was submitted under the applicable entry terms and conditions. However, the Trust may, at its discretion, consider requests for removal in exceptional circumstances.

The photographer will still own copyright while having granted our organisation a perpetual or irrevocable licence to continue displaying the work. Please note -

- the licence survives withdrawal from competitions/exhibitions,
- the trust is not obliged to remove previously published works.

The Trust will consider each request on a case by case basis.
